Stockinette Socks

Stockinette stitch is the most basic knitting stitch and it creates a smooth, stretchy fabric. Stockinette socks are therefore comfortable to wear and they fit snugly around the foot. The downside of stockinette stitch is that it can be prone to curling, so it's important to use a stretchy yarn and to block your socks after knitting them.

- [Lace and Cable Socks by Tin Can Knits](#)

Ribbed Socks

Ribbing is a versatile stitch that can be used to create a variety of textures and patterns. Ribbed socks are often more durable than stockinette socks because the ribbing helps to prevent stretching. Ribbing is also a great way to add visual interest to your socks.
